SUMMARY

High school biology teacher with 9 years of experience designing standards-aligned curriculum, building digital learning materials, and coaching colleagues on instructional technology.

EXPERIENCE

Biology Teacher & Science Department Lead

2019 – present

Riverbend Unified School District, Sacramento, CA (public high school, ~1,800 students)

- Design and teach five sections of Biology and AP Biology per year (150+ students).
- Rebuilt the 9th-grade biology curriculum around NGSS standards; unit pass rates rose from 71% to 84%.
- Build course sites, quizzes and self-paced review modules in Google Classroom and Canvas.
- Lead a 6-teacher department: run monthly PD sessions on formative assessment and edtech tools.
- Created a short video series on lab safety now used by 4 schools in the district.

Biology Teacher

2016 – 2019

Lincoln Charter Academy, Stockton, CA

- Taught Biology and Environmental Science; wrote the school's first lab-based unit plans.
- Mentored two student teachers from CSU Sacramento.

EDUCATION & CREDENTIALS

- M.A. Education, California State University, Sacramento (2018)
- B.S. Biology, UC Davis (2015)
- California Single Subject Teaching Credential, Biological Sciences
